

# International Folkfest 2008

## WE ARE CURRENTLY ACCEPTING CONTRIBUTIONS FOR 2008

The International Folkloric Society (IFS) has organized international festivals in Murfreesboro since 1982 and is a non-profit organization which relies solely on the generosity of individuals, local businesses, and corporations who are willing to help support the exchange of international culture, art and heritage.

Your contribution allows us the opportunity to continue to host the annual event located around Murfreesboro's historical Court House and town square and provide meals, transportation, and housing accommodations for European dance groups, consisting of approximately 100 persons, for the week of the festival.

It is our goal to create a festival that has the potential to become bigger and better each year, resulting in increased tourism and local business patronage. Some of the special events that we plan to include in this festival are:

- A festival consisting of music, dance performances, and street vendors around the Murfreesboro town square
- Individual group performances throughout the week at various nursing/assisted living homes, local area schools, The Children's Discovery Center, Tennessee Veteran's Administration, to name a few.
